Out of your sight

My dad drives a Cadillac

My sister June a motorbike

My uncle Tom likes to catch the bus

My baby brother John's walking towards us

By car by bike we can go where we like

By bus by boat we'll be out of your sight (x2)

My friend Maree Goes to school by train

My mother Sue travels by plane

My Cousin Uzman has a tricycle

My aunt Sue flies a big balloon

By train by plane we can go where we like (x2)

By tricycle balloon we'll be out of your sight

By car by bike we can go where we like

By bus by boat we'll be out of your sight

By train by plane we can go where we like

By tricycle balloon we'll be out of your sight

This is my Home and my family

This is my home and my family
This is my home and my family
This is my home and my family
Mum, dad, brother, sister, grandma, grandpa and me

My dad is in the kitchen
Cooking a meal
My brother's in the bathroom
Brushing his teeth

This is my home and my family
This is my home and my family
This is my home and my family
Mum, dad my brother and me

My mum's in the living room
Reading a book

Cleaning her shoes

My grandma and my grandpa
Have just arrived
They parked their car
In our garage

This is my home and my family
This is my home and my family

Mum, dad, brother, sister, grandma, grandpa and me

Country-City song

Tututrururururururu turu tutututututu
I look at the country what can you see?
I can see the cows I can see the bees
I look at the mountains what can you see?
I can see a goat I can see the trees
And I can see the sky
I can see the sky (x2)
I can see the clouds
and the birds up high
Tuturururururururu
I look at the city, what can you see?

I can see the cars, I can see the streets
I look at the city, what can you see?
I can see the roads, I can see no trees
But I can see the sky,
I can see the sky
I can see the clouds
and the birds up high
I can see the clouds
and the birds up high
Tutururururururu
